ART OF HOSTING

Karlskrona

WALKING THE PATHWAY OF PURPOSE
Hosting and Harvesting Conversations that
Matter & make a difference in the world

Humanity has a growing awareness of our impact. The globalised nature of the world today has forced us to think more collectively and we are really in a very different place. Many of us have energy and hope, but we wonder how to get others involved for long enough to make a change. We are still not making a difference that makes a difference.

Collaboration isn't enough. Co-creation isn't enough. Walking the pathway of purpose demands that we each step into our own journey of purpose and that we build the capacity and the practices to help each other on the journey. Conversation, participatory leadership and learning how to work in continual emergence are ways of moving into wiser action.

We are asking ourselves these questions:

How can we create spaces for people to come together in conversation and action that energizes transformative change?

How do we nourish authenticity in individuals and communities?

How can we inspire each other to take the next steps in our own journey of purpose?

join us!

NEW DATES - 12-15 MARCH 2015

The Art of Hosting is a 3-day training designed for learning simple yet powerful processes to build community, activate collective intelligence and foster individual and collaborative leadership practices. We invite you to join us and to connect with other emerging leaders, and innovators. We look forward to welcoming your presence and your contributions!

This training marks the 6th year of collaboration between the Masters in Strategic Leadership towards Sustainability programme (MSLS) and the Art of Hosting community. We believe that a key part of education is helping to make us prepared and skilled to work well with our colleagues, constituents, teams and our wider community -- to build capacity for the future. This is a unique collaboration amongst MSLS, Kaospilots, Knowmads and innovative tertiary trainings.

We welcome people from all walks of life to take part, build capacity and learn together.

Questions? aofhkarlskrona2015@hotmail.com

Methods & tools
we will be exploring:

- Circle practice
- World Café
- Open Space Technology
- Appreciative Inquiry
- Storytelling & Story Harvest
- 8 Breaths of Design
