

International
Gathering of Art of
Hosting Practitioners

AOH
Mates

Come and join us,
From January 19 to 23, 2026 in
Brasil

How about joining a very special group of practitioners of the Art of Hosting
Meaningful Conversations and Harvesting Results that Matter?

People who are passionate about this and other Arts, coming together to
practice and deepen the practice, exchange experiences and learnings,
remember and celebrate exciting moments, tell and listen to good stories and
create possibilities: what else could this Art be?!
what else can this art inspire us to do?

What are the dreams and questions that move you today?
What are the limits of your work as a host?

What would you like to share with other people who also practise
this Art, so that we can all evolve together?

Our purpose

AOH
Mates

To collectively evolve in the awareness of the practice of the Art of Hosting with lightness, depth and a lot of fun!

Bring your most vivid questions and pearls about this Art, those conversations you've been wanting to have for ages...

Our meeting will be a gift for collective learning.

What would you like to share with other people who also practise this Art, so that we can all evolve together?
